NOTICE is given that Order in Council No. 1232, approved on April 26, 1966, provided for the cancellation of a reservation to the Crown of coal in the following described area: All those lands lying between 55 degrees 25 minutes and 55 degrees 40 minutes of north latitude and 121 degrees 50 minutes and 122 degrees 30 minutes of west longitude, which area embraces the Hasler, Willow, and Noman Creek coal basins—subject to the observance and performance of the following terms and conditions:—

1. On or before the 31st day of May, 1966, representations in writing will be received by the Minister of Mines and Petroleum Resources (hereinafter referred to as the "Minister") from anyone interested in making application to explore for and produce coal from the area described above. The applications considered by the Minister to be most suitable will be accepted, and the acceptance or refusal of any application by him shall be final, and upon acceptance by the Minister the successful applicant or applicants will, in addition to the terms and conditions herein contained, be required to proceed with acquisition of title in accordance with the terms of the *Coal Act*.

2. Anyone so interested will be required to agree, in writing, to the following conditions before his application will be considered:—

- (a) A performance bond in the amount of \$50,000 in the form of cash or Province of British Columbia parity bonds must be deposited with the Minister.
- (b) A total of \$150,000 must be spent on field exploration and development work to the satisfaction of the Minister in the area licensed to any applicant during the three-year period following issuance of the licence or licences.

- (d) The licensee, prior to the expiry of three years after the date of his licence, shall submit to the Minister proposals for the further development and exploitation of the coalfield.
- (e) If the licensee is satisfied at any time during the three-year period that a firm proposal can be made as to the development and exploitation of the coalfield, the proposal shall be placed before the Minister, and the licensee shall be given the first opportunity to develop and exploit the coalfield; provided the proposal is considered reasonable, subject, however, to the following terms:—
(i) A further bond or deposit to be posted, and the licensee will be required to complete the proposed development and exploitation within a period of time determined by the Minister.

(ii) The Minister may, on giving six months' notice to the licensee, require the licensee to sell for use in British Columbia up to one-half of the daily output of coal for cash, or on terms acceptable to the licensee, to a bona fide buyer, on a reasonable contract, at the same price the licensee is receiving or is to receive for a like product sold elsewhere. The order of the Minister shall be deemed to be sufficiently given if sent by registered mail to the address of the licensee as recorded in the Department of Mines and Petroleum Resources at Victoria, B.C..

(f) The licensee shall

(i) on demand make available to the Minister for examination by officers of the Department copies of all plans of the licence and workings thereon, plans shown the positions of all drill-holes, logs of drill-holes, analyses of coal, technical reports and other documents pertaining to the exploration, development or mining of coal within the licensed area;

(ii) within three months following each anniversary date of the licence

- (A) supply to the Minister a report by a professional engineer setting out the work done in the previous year, and giving full information on the results of exploration, development or mining, supported by such plans, drill logs, and other illustrations or supporting documents as may be necessary to portray the work done and the results thereof;
- (B) supply a statement of the total expenditure on said work and on the principal subdivisions thereof.
